

## PASS THE FOLDER INSTRUCTIONS

- Each group begins with a numbered folder. In each folder are enough copies of a reading selection for each group member. The group completes ONE question sheet.
- Members either silently read, or read aloud selection. Then, as a group, they answer questions about the reading selection.
- Usually groups will finish in 7-10 minutes.
- Groups place reading selections back in folder (do not write on them).
- Groups place their completed question sheet behind the blank question sheets and paper clip.
- Teacher says, “Pass the Folder” – groups pass folders clockwise to next group.
- Continue procedure until each group has the folder with which they began.
- Groups look through every group’s answers and report findings to class.
