

TEACHER WORKSHOPS

looneyteachr consulting

Get excited about teaching!!

Breaking Up The Block

Leave this workshop with a lesson-plan template, dozens of ideas for lesson activities, suggestions for routines & procedures in your classroom & a smile! Learn fun interactive ways to wake up your class, assess your students' progress without a test & allow them ways to practice without using worksheets! Discover websites and resources to liven up your instruction. **Feel confident when you leave that you CAN teach bell to bell for 90 minutes!**

Creating Organized ChAOS in the Classroom

Experience fun ways to instruct your students without lecturing. Discover websites and strategies that will infuse technology into your curriculum. Find out how to include quick video clips & music in your presentations to peak students' interest! Discover that paper plates are not just for picnics; Easter eggs are not just for bunnies; and the *Dollar Store* is a treasure chest of quirky items that can be used to jazz up your instruction. **Get ready to liven up your teaching and your students!**

Write Here! Write Now!

Learn how to engage your students in writing activities that will turn their "Aaaaghhh!" into "Yippee!" when asked to write in class. Gain ideas on how to improve students' language skills while providing them with hands-on, exciting, and sometimes a little off-beat assignments that will instill a love of language. Discover how to use video clips, photos & music to spur young imaginations and how to truly "teach" writing!

**I can tailor workshops
to the needs of your teachers, staff, school, or district!**
